Brief about the event (context and Learning outcomes)

The Free Health Checkup Camp 2025 successfully promoted community well-being by offering complimentary dental and eye health consultations. This initiative underscored the significance of preventive healthcare and early intervention, contributing to a healthier, more aware campus population.

Objectives of the Event:

- The event was not only for students but also for the faculty members and other university staff.
- To Provide hands-on experience in organizing community welfare programs and inspire more youth to engage in community service.

Key Highlights of the Event:

- More than 1500 checkups were done in a day
- Mobile Dental Unit
- International Diagnostic tool
- Oral cancer Detection devices
- Dental Lasers
- Complimentary coupons for attendees for Scaling and Treatments
